Dear Brennan, Cara, Ilona and Masa,

It was nice to talk with you all today and I wanted to make sure you got my full contact information, listed at the bottom of this e-mail. I'm looking forward to working with you as I take on more duties of the Project Officer for the cooperative agreement, thankfully Alexis is here to ensure a smooth transition!

As one follow up item, attached is the MOU that UNEP Executive Director Solheim and EPA Administrator McCarthy signed this past September. It is separate from the cooperative agreement and has no money attached to it but is a good reference document for you to have.
